ARMCHAIR TILDA

Tilda combines the classic woven look with a modern, lightweight appearance and is ideal for professional outdoor use in the hospitality and hotel industry. The powder-coated aluminium frame is robust and easy to maintain, while the durable polyethylene strap on the seat and backrest is weatherproof, UV-resistant and particularly long-lasting. A practical advantage in everyday hospitality use: the weave does not absorb water during a short rain shower and is therefore quickly ready for use again. Thanks to its stackability, Tilda can also be stored in a space-saving manner and used flexibly. In the version with armrests, teak wood inserts provide a high-quality look and a pleasantly warm feel.

• Weatherproof & UV-resistant: Suitable for permanent use on terraces, in beer gardens and other outdoor areas
• Quickly ready for use again after rain: The weave does not absorb water and dries particularly quickly
• Space-saving & comfortable: Stackable, easy to maintain and, in the armrest version, equipped with high-quality teak wood inserts
