Panneau durable en Resysta aspect bois

The solid table-bench combination RISA T combines modern design with sustainable functionality. Made from Resysta, an innovative, recyclable material, RISA T offers the charm of wood without cracks or splinters. Weather-resistant and durable, it remains a reliable companion even with heavy use in any outdoor setting. Whether for terraces, gardens, or public spaces – with RISA T, you choose comfort, style, and a conscious approach to resources.
