CHAIR OVNI

GO IN GmbH | Email: info@goin.eu | www.goin.eu

A complete success: the stackable chair Ovni captivates with its reduced design. In this model, the frame made of matt black powder-coated steel has been combined with a wooden seat and backrest made of smoke-stained and varnished ash wood. A seat cushion made of artificial leather in coffeebrown and black – in this version, the chair is not stackable.
