

DINING TABLE KINA

A simple all-rounder, the Kina table features a straight toe foot. Different tabletops can be combined with the black lacquered steel frame. Kina is available in both dining table and standing table heights, equipped with FLAT technology, and suitable for both indoor and outdoor use. The hydraulically mounted floor gliders of the FLAT system automatically adapt to floor unevenness, ensuring a stable stand – say goodbye to wobbly tables. The patented system reacts instantly to the surface and guarantees stable positioning of the table.

- Weather-resistant and easy to maintain thanks to powder coating
- Robust and stable steel frame
- Wobble-free thanks to flexible floor leveling systems
