

CHAIR TASHA

The Tasha model with and without armrests blends naturally into any environment with its organic design. The round corners and soft shapes create an atmosphere of security with a frame made of beech wood, stained in the colour oak or walnut. The model is comfortable and, with its functional and ergonomic shape, finds many uses in the health & care sector. For the upholstery, there is a choice of different flame-retardant and easy-care cover materials such as Parotega, Paratexa, Marou, Addison and Sheldon, which are especially suitable for the health & care sector.
