Einhand-Teleskop-Öffnung, optionaler Trolley-Sockel /
One-handed telescoping opening, optional trolley base /
Ouverture télescopique d'une seule main, socle à roulettes en option

The versatile one: Available in various shapes, sizes, and colors, the Halina parasol is exceptionally versatile. The weather-resistant Protect canopy is available in Natural, Lime, Beige, Aqua, Red, Red Orange, Salt & Pepper, and Lilac. Size options range from 3.0 × 3.0 m and 3.5 × 3.5 m to 3.0 × 4.0 m, as well as a round version with a diameter of 4.0 m. The mast made of anodized aluminum is also highly weather-resistant. This robust and durable parasol provides UV protection with a UPF 80 rating in accordance with UV Standard 801. The canopy is removable and washable. The one-hand telescopic opening mechanism makes operation especially easy. A matching 90 kg base with trolley function is available for the parasol. Weather-resistant, easy-care materials and the parasol hole in the center (for our Halina parasol) make the seating set ideal for heavily frequented outdoor areas. The combination is delivered disassembled and can be assembled easily.
