

CHAIR OVNI

A complete success: the stackable chair Ovni captivates with its reduced design. In this model, the frame made of matt black powder-coated steel has been combined with a wooden seat and backrest made of smoke-stained and varnished ash wood. A seat cushion made of artificial leather in coffeebrown and black – in this version, the chair is not stackable.

- High comfort due to rounded seat and backrest
- Stackable
- Design classic
