

COFFEE TABLE **ELIRA T**

Elira – the matching coffee table for the series – is made of glass-fiber reinforced plastic, making it weather-resistant, UV-stable and permanently dimensionally stable. The modern slatted design echoes the look of the seating furniture, appears light and airy, is well ventilated and allows rainwater to drain away quickly. The robust construction is easy to maintain and ideal for terraces, gardens, beer gardens or pool areas. Perfect as a harmonious addition to a consistent, modern outdoor concept – the complete series is available in the same design: chair, armchair, bar stool, lounge chair and coffee table.

- Ideal side table for ELIRA
- Stackable
- Permanently dimensionally stable plastic frame
