Angle d'assise ergonomique – grand confort

Sondermaße auf Anfrage möglich /  
Special sizes available on request /  
Dimensions spéciales possibles sur  
demande

Drapelle is an elegant bench seating system for the hospitality sector, featuring a handcrafted, draped backrest in which the fabric is arranged into an elegantly folded form. The folds may vary slightly in size and depth, giving each element a unique, handmade character. The modular system consists of 60 cm and 120 cm elements as well as an inside corner (70x70 cm) and can be easily linked together to create flexible spatial concepts. It is available as a freestanding version or as a wall-mounted model with a tensioned-fabric back. The frame can be selected in dining or bar height and individually combined with feet and base panels in different colors. A wide range of upholstery fabrics offers numerous design options, while the durable padding and precise craftsmanship ensure suitability for professional everyday use.

- high-quality handcrafted draped back
- special sizes available on request
- high seating comfort thanks to ergonomically optimized seat-back angle
