

HIGH TABLE RICKSON

The modern dining and bar table frame impresses with its clean runner shape and an exceptionally low profile. As a result, it appears light and understated, allowing it to be seamlessly integrated into a wide variety of interior design concepts. Thanks to high-quality E-coating for corrosion protection and an additional black powder coating, the frame is robust and also suitable for outdoor use. Combined with different table tops, it creates flexible design options for restaurants, hotels, terraces, coworking spaces, and other demanding project areas. The minimalist design language, high compatibility, and durable construction make the frame a versatile foundation for modern indoor and outdoor concepts.

- Indoor & Outdoor – E-coating and powder coating provide reliable corrosion protection.
- Versatile combination options – The low profile complements numerous interior design styles and table tops.
- Made for commercial use – Robust design for restaurants, hotels, terraces, and working spaces.
