Un design raffiné, une construction robuste

Delicate design meets high durability. This stackable armchair impresses with its slim, modern silhouette and delicately designed seat and backrest featuring a decorative perforated pattern. Made from powder-coated steel with an additional E-coating pretreatment, it offers exceptional corrosion protection and is ideally suited to demanding outdoor use. Despite its light, airy appearance, the armchair delivers excellent stability and robustness, confirmed by successfully passed load tests. Its easy-care surface and practical stackable design make it the ideal choice for terraces, restaurants, cafés and demanding commercial catering environments.

- Optimal corrosion protection: E-coating and powder coating for high weather resistance and long-lasting durability
- Delicate yet robust: Slim steel construction that has successfully passed load tests
- Easy-care and stackable: Effortless cleaning and space-saving storage – ideal for professional catering use
