The stackable outdoor armchair and bar stool combine modern design with high functionality and excellent seating comfort. The robust, anthracite powder-coated aluminium frame is particularly durable, scratch-resistant and ideal for demanding outdoor use. The generous seat with comfortable seat cushion ensures a pleasant seating experience even when sitting for extended periods. The high-quality rope and cord weave is weather-resistant, UV-resistant and water-repellent. As the weave does not absorb water, it is ideally suited for everyday outdoor use. Practical hook-and-loop fasteners securely hold the seat cushion in place and prevent it from slipping. Thanks to the stacking function, the armchair and bar stool can be stored in a space-saving manner – ideal for terraces, restaurants, cafés and the hotel industry.

- Weather-resistant & UV-resistant – waterproof weave that does not absorb water
- Robust & durable – scratch-resistant, powder-coated aluminium frame
- Space-saving stackable design – easy handling and efficient storage for everyday catering operations
